Using Type for Applications at Work and in Life

The Myers-Briggs Type Indicator® (MBTI®) Master Class Series workshops are designed for certified practitioners who wish to deepen their understanding of type theory and its practical application

"Many MBTI® practitioners learn how to effectively introduce individuals, teams and organisations to the insights of type theory. Beyond this introductory level awaits much deeper and profound opportunities for practitioners and their clients to apply type theory for more focused development. The Advanced MBTI® Applications workshop further equips practitioners to enable individuals and groups to further apply knowledge of their type for improved leadership, communication, problem solving and team functioning."

This workshop offers MBTI® certified practitioners an opportunity to build skills, boost confidence and reinvigorate how the MBTI® instrument is used for deeper individual and group development in their own organisations. As part of the workshop, you will experience and receive tried and tested MBTI® exercises and resources.
